Optum accepts most major health insurance plans. Before selecting a provider, please check with your insurance company to verify your eligibility and coverage to ensure the provider participates in your plan.

If you have insurance coverage from a company other than one listed, services are probably “out of network” and you will be responsible for a greater out of pocket expense.

For help selecting a plan that Optum participates with please contact our Patient Assistance Department at 1-888-859-9473.

**Insurance plans accepted in New York urgent cares, primary care and specialty care practices may vary.**
